## World's Best Protective Case

Hunters, marksmen and law enforcement professionals are travelling the world with their firearms in tow, striving to catch that perfect shot or carry out critical missions. These demanding conditions require a case solution that will safely organize, protect and carry their firearms and bows. This sensitive and valuable equipment needs world class protection.

The NANUK™ Firearms series is a plug and play solution engineered to protect your weapons during transport. The custom foam inserts have been carefully designed to accommodate most firearms and automatic rifles with additional storage space for accessories. Need room for extra magazines? We thought of that. Want to include a trigger lock with your gun? There's space for that too. Each case interior has been tailored to perfectly fit your equipment using only the highest quality foam materials. Simply pack and go.

NANUK recognizes the importance of safety when transporting firearms. That's why all of our cases come equipped with at least two lockable eyelets so the case can be secured using padlocks. NANUK™ ensures that your equipment is always safely stored and survives the journey.

## NANUK™ Accessories

### Lockable Powerclaw Latch Retrofit Kit

#### TSA Accepted Lock

The easy to install retrofit kit can be installed on many NANUK™ cases and adds another layer of security to your case. All our TSA accepted latches bear the Travel Sentry® Red Diamond logo which allows security personnel to open your lock for inspection when required during travel without damaging the case.

Compatible with NANUK™ 908 – 918 – 920 – 925 – 933 – 935 – 940 – 945 – 950 – 960 cases.

## NANUK™ Features

Powerclaw superior latching system

Reinforced metal eyelets

Pressure equalizer valve

Polyurethane wheels

### TSA Accepted Padlock

TSA accepted locks offer the security of a padlock but can be easily opened and inspected by airport security and then locked again without damaging the lock.

### Desiccant Container

NANUK™ reusable desiccant containers protect all types of sensitive gear from deterioration, corrosion, mold and other damage caused by moisture or high humidity. Simply place the desiccant container inside the case along with your items. The desiccant container will absorb up to 34% of its own weight in water vapor to rapidly remove moisture and keep your case dry to protect against damage.

### Lid Organizer

The NANUK Lid Organizer is the ideal organization and convenience accessory to add to your case. The molded interior is designed to help keep your hardware, power cords and accessories entirely organized and in-view. The lid organizer includes a set of mounting screws for easy, stress-free installation. Features include zippered and anti-tear compartments of various sizes for lots of gear storage.

\* Available for NANUK 920 - 930 - 933 - 935 - 945 - 955 - 960

### Foam Insert

Made of high quality polyurethane foam, the multi-layered set of customizable inserts includes a solid layer that can be trimmed to accommodate the contents of the case. This solution is ideal if you are seeking a quick and easy way to protect and organize your items.

- **IP67 rated protection** from dust and water
- **Mil-spec impact resistant** NK-7 resin
- **Padlockable**
- **Shoulder strap** attachment (most cases)
- **Soft grip** foldable handle
- **Integrated lid stay**
- **Stainless steel** hardware
- **Ultra resistant PEF closed cell** foam insert
- Choose from up to **10 available colors**
- **LIFETIME WARRANTY**
